WSDA Information

Applications for Industrial Hemp Licenses Available

Applications for industrial hemp licenses are now available on the WSDA industrial hemp [webpage](#). If you are interested in receiving a license, please complete the application form, attach any necessary documentation, and mail it, along with your payment, to the address:

Washington State Department of Agriculture
Industrial Hemp Research Pilot
PO Box 42591
Olympia, WA 98504-2591

Please do not email your application. Applications submitted by email cannot be processed.

Industrial Hemp Seed Form

Growers must arrange to buy their own seeds which will be imported using the department's DEA registration. Currently, the state cannot pay for seeds for pilot projects. To request that the WSDA import your industrial hemp seed, please fill out a [Seed Acquisition](#) form.

The Seed Acquisition form is very important. The information you provide on this form gives the WSDA the information needed to obtain the permits to import your seed through the DEA.

Industrial Hemp Program - 21 N. First Ave, Yakima, WA 98902
